

# Criminal Justice Training Center

## ACADEMY INSTRUCTOR'S UPDATE COURSE - 8 hours

This course was created to maintain Academy Instructor Certification (AICC) requirements under P.O.S.T. P.A.M. 1009(f)(1). The material is very well-reviewed and was created by the same instructional experts who were contracted to write the curricula for the POST Instructional Development Institute levels 3 and 4. Students learn how to design outcome-based curricula by applying the science of how people learn.

Attendees will:

- Hone their classroom presentations to be more effective instructors
- Demonstrate how to involve students in productive facilitated discussions that yield true take-away strategies using the 85% Rule©
- Apply meaningful visual and auditory reinforcement by using PowerPoint correctly
- Research and analyze learner characteristics to increase student behavioral outcomes
- Be able to create a lesson plan according to industry best practices

This dynamic and innovative training will equip students with skills that they can apply immediately.
